Acrylic Glue, BOPP Film

Ideal for school and office use, light packing and reinforcing documents which can be equipped with dispenser.

### Product Construction

Material: BOPP film coated with acrylic adhesive

OEM Print Service: Customized printed LOGO, Company Info, Letters on the package.

Color: Transparent, clear, yellow, red, blue, etc

### Typical Physical Properties

Total Thickness Allowance : 35mic ~ 65mic +/-2 microns.

Initial tack: 20#

1800 peel adhesion (to steel): 0.5kgf/25mm

Holding power: 24 hours

Tensile strength: 30N/cm

### Features

1. Film Type: Biaxially Oriented Polypropylene(BOPP - Tenter)

2. Adhesive Type: Aqueous Acrylic Adhesive

3. Color: Transparent, Brown, White, Yellowish, Colorful .etc.

4. Thickness: 35mic-45mic Length: 10m—1000m  
Width: 11mm—36mm

5. Inner core: 1 inch, 3 inch

### Application Ideas

1. Medium & Heavy carton sealing

2. Gift wrapping & Decoration

3. Bundling & Strapping

4. Package carton boxes with automatic sealing machine

### Storage

Store under normal conditions of 16°C to 27°C and 40 to 60% R.H. in the original carton.

### Shelf Life

To obtain best performance, use this product within 24 months from date of manufacture.

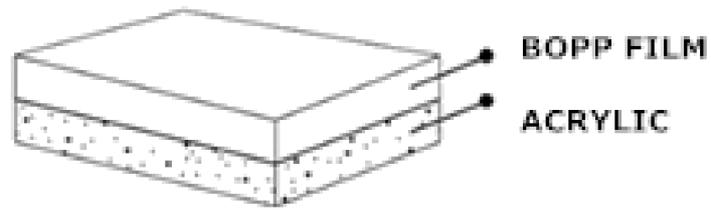

### Specifications

Thickness: 35mic-45mic

Length: 10m—1000m

Width: 11mm—36mm
